National Institutes of Health; Receipt of Petition for Director's Decision Under 10 CFR 2.206

Notice is hereby given that by Petition dated October 10, 1995, Dr. Maryann Wenli Ma and Dr. Bill Wenling Zheng (Petitioners) have requested that the NRC take immediate action with regard to the National Institutes of Health (NIH). The Petitioners request that materials license No. 19-00296-10 held by NIH be suspended or revoked pending resolution of the issues raised in the Petition, and that other appropriate enforcement action be taken against NIH.

As a basis for their request, the Petitioners assert that NIH has willfully, recklessly, or deliberately committed numerous violations of 10 CFR Part 20. Broadly stated, the Petitioners assert that, as a result of NIH's failure to control and secure radioactive materials, maintain an effective bioassay program and otherwise adhere to the requirements of 10 CFR Part 20, Dr. Ma was contaminated with phosphorous-32 (P-32) resulting in both her and her unborn fetus receiving intakes of radioactive material significantly in excess of regulatory limits; that additional NIH employees also were internally contaminated with P-32; and that NIH failed to take proper actions to assess accurately the level of Dr. Ma's internal contamination or provide

appropriate medical care and follow-up treatment.

The request is being treated pursuant to 10 CFR 2.206 of the Commission's regulations. The request has been referred to the Director of the Office of Nuclear Material Safety and Safeguards. By letter dated October 30, 1995, the Petitioners' request that license No. 19-00296-10 held by NIH be suspended or revoked pending resolution of the issues discussed in the Petition was denied. Action will be taken on the remaining aspects of the petition, pursuant to Section 2.206, within a reasonable time.

A copy of the Petition is available for inspection at the Commission's Public Document Room at 2120 L Street, N.W., Washington, D.C. 20555.

Dated at Rockville, Maryland this 30th day of October 1995.

For the Nuclear Regulatory Commission.
Carl J. Paperiello,
Director, Office of Nuclear Material Safety and Safeguards.

RAILROAD RETIREMENT BOARD

Proposed Data Collection Available for Public Comment and Recommendations

SUMMARY: In accordance with the requirement of Section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board will publish periodic summaries of proposed data collections.

COMMENTS ARE INVITED ON: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

TITLE AND PURPOSE OF INFORMATION COLLECTION:

Railroad Separation Allowance or Severance Pay Report. Section 6 of the Railroad Retirement Act provides for a lump-sum payment to an employee or the employee's survivors equal to the Tier II taxes paid by the employee on a separation allowance or severance payment for which the employee did not receive credits toward

retirement. The lump-sum is not payable until retirement benefits begin to accrue or the employee dies. In order to provide these payments, the Railroad Retirement Board (RRB) must collect and maintain records of separation allowances and severance payments which were subject to Tier II taxation from railroad employers. The RRB uses Form BA-9 on a quarterly basis, to obtain information from railroad employers concerning the separation allowances and severance payments made to railroad employees and/or the survivors of railroad employees. All reports contain a one-line entry for each such payment or adjustment. Minor editorial changes are being proposed to Form BA-9.

Estimate of Annual Respondent Burden

The estimated annual respondent burden is as follows:

Form #(s)	Annual re-sponses	Time (min)	Burden (hrs)
BA-9	7,500	75	9,375

ADDITIONAL INFORMATION OR COMMENTS:

To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Office at (312) 751-3363. Comments regarding the information collection should be addressed to Ronald J. Hodapp, Railroad Retirement Board, 844 N. Rush Street, Chicago, Illinois 60611-2092. Written comments should be received within 60 days of this notice.

Chuck Mierzwa,
Clearance Officer.

Computer Matching and Privacy Protection Act of 1988; Notice of RRB Records Used in Computer Matching

AGENCY: Railroad Retirement Board (RRB).

ACTION: Notice of Records Used in Computer Matching Programs; Notification to individuals who are beneficiaries under the Railroad Retirement Act.

SUMMARY: As required by the Computer Matching and Privacy Protection Act of 1988, RRB is issuing public notice of its use and intent to use, in ongoing computer matching programs, civil service benefit and payment information obtained from the Office of Personnel Management (OPM).

The purpose of this notice is to advise individuals applying for or receiving benefits under the Railroad Retirement Act of the use made by RRB of this information obtained from OPM by means of a computer match.

ADDRESSES: Interested parties may comment on this publication by writing to Ms. Beatrice Ezerski, Secretary to the Board, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-2092.

FOR FURTHER INFORMATION CONTACT: Mr. LeRoy Blommaert, Privacy Act Officer, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-2092, telephone number (312) 751-4548.

SUPPLEMENTARY INFORMATION: The Computer Matching and Privacy Protection Act of 1988, Pub. L. 100-503, requires a Federal agency participating in a computer matching program to publish a notice regarding the establishment of a matching program.

Name of participating agencies: Office of Personnel Management and Railroad Retirement Board.

Purpose of the match: The purpose of the match is to enable the RRB to (1) identify affected RRB annuitants who are in receipt of a Federal public pension benefit but who have not reported receipt of this benefit to the RRB and (2) receive needed Federal public pension benefit information for affected RRB annuitants more timely and accurately. Presently the RRB relies on the affected annuitant to report adjustments in the amounts of such public pension benefits.

Authority for conducting the match: Sections 3(a)(1), 4(a)(1) and 4(f)(1) of the Railroad Retirement Act require that the RRB reduce the Railroad Retirement benefits of certain beneficiaries entitled to Railroad Retirement employee and/or spouse/widow benefits who are also entitled to a government pension based on their own noncovered earnings. This reduction is referred to as Public Service Pension offset. Section 224 of the Social Security Act provides for the reduction of disability benefits when the disabled worker is also entitled to a public disability benefit (PDB). This reduction is referred to as PDB offset. A civil service disability benefit is considered a PDB. Section 224(h)(1) requires any Federal agency to provide RRB with information in its possession that RRB may require for the purposes of making a timely determination of the amount of reduction under section 224 of the Social Security Act. Pursuant to 5 U.S.C. 552a(b)(3) OPM has established routine uses to disclose the subject information to RRB.

Categories of records and individuals covered: The records to be used in the match and the roles of the matching participants are described as follows: OPM will provide RRB twice a year with a magnetic tape file extracted from its annuity and survivor master file of its Civil Service Retirement and Insurance Records. The Privacy Act System of Records designation is OPM/Central-1. The following information from this OPM Privacy Act System of Records will be transmitted to RRB for the approximately 2.3 million records in the system: name, social security number, date of birth, civil service claim number, first potential month and year of eligibility for civil service benefits, first month, day, year of entitlement to civil service benefits, amount of gross civil service benefits, and effective date (month, day, year) of civil service amount, and where applicable, civil service disability indicator, civil service FICA covered month indicator, and civil service total service months. The RRB will match the Social Security number, name, and date of birth contained in the OPM file against the same fields in its Master Benefit Files. The Privacy Act System of Records designations for these files are: RRB-25, "Research Master Record for Survivor Beneficiaries Under the Railroad Retirement Act," and RRB-26, "Research Master Record for Retired Railroad Employees and Their Dependents." For records that are matched, the RRB will extract the civil service payment information.

Inclusive dates of the matching program: The matching program will become effective 40 days after a copy of the agreement, as approved by the Data Integrity Board of each agency, is sent to Congress and the Office of Management and Budget, or 30 days after publication of this notice in the Federal Register, whichever date is later. The matching program will continue for 18 months after the effective date and may be extended for an additional 12 months, if the conditions specified in 5 U.S.C. 552a(o)(2)(D) have been met.

The notice we are giving here is in addition to any individual notice.

A copy of this notice will be furnished to both Houses of Congress and the Office of Management and Budget.

Dated: October 27, 1995.

By authority of the Board.

Beatrice Ezerski,

Secretary to the Board.
